

As global Competence Center Compliance of Fair Isaac Corporation (NYSE: FICO) our main objective in Germany is the sustainable fight against financial and white-collar crime. We help banks, insurance companies, and industrial corporations fulfill their compliance obligations, avoid reputational damages, and live up to their own ethical standards. More than 1,200 customers in over 90 countries rely on our IT solutions.

FICO is world-market leader for Predictive Analytics and Decision Management Software. The company has subsidiaries in 25 countries and employs more than 3,000 employees, thereof about 150 in Germany.

To reinforce our development team in Bensheim, we are seeking an experienced

Cloud Engineer (f/m/d) AWS

for the development of our anti money laundering (AML) Cloud services. This is a unique opportunity to participate as a key member of a skilled and creative product development team designing, developing and delivering the Cloud services of FICO TONBELLER compliance solutions, which will be integrated into the FICO DMP platform.

Tasks

- Building a highly available Cloud platform
- Specification, design and implementation of functional requirements - provision of the platform as “infrastructure as code”
- Scoping, doing detailed design, effort estimation, coding
- Testing, debugging, maintenance and support
- Participation in all aspects of an iterative software development process including design, coding and reviews

Profile / Personality

- Bachelor or Master's degree in Computer Science or Computer Engineering
- 4+ years of software development experience
- Proficiency in AWS Cloudformation and other AWS services
- Knowledge of Java, Python, Gradle, Jenkins, Nexus, Docker, Git would be an advantage
- Existing and valid AWS certifications are an advantage
- Experience in working on infrastructure projects
- Knowledge of software and application design and architecture
- Familiar with agile techniques like code reviews, pair programming, collective code ownership, clean code, TDD and refactorings
- Quick learner with a hands-on mentality, who is open to learn new technologies in related areas
- Excellent English language skills are required (B2+) as well as good German language skills (B1+)

Our German Benefits

- An exciting work environment that combines the strengths of a medium-sized company with the innovation power of the Silicon-Valley-based FICO group
- Diversified and challenging projects in an international environment
- An open work culture that values and encourages ideas and contributions
- Continual occupational training options, e.g. FICO University, specialized literature, participation in trainings and conferences, individual support of trainings
- Flexible work-time models, free beverages and snacks and much more
