

As global Competence Center Compliance of Fair Isaac Corporation (NYSE: FICO) our main objective in Germany is the sustainable fight against financial and white-collar crime. We help banks, insurance companies, and industrial corporations fulfill their compliance obligations, avoid reputational damages, and live up to their own ethical standards. More than 1,200 customers in over 90 countries rely on our IT solutions.

FICO is world-market leader for Predictive Analytics and Decision Management Software. The company has subsidiaries in 25 countries and employs more than 3,000 employees, thereof about 150 in Germany.

To reinforce our international **Java team** in Bensheim, we are looking for a

Software Developer (f/m/d) Frontend/Backend or Fullstack

for the development of our latest product generation in the area of Compliance, such as Anti-Money Laundering (AML) or Know Your Customer (KYC). This is a unique opportunity to work creatively and to design, develop and integrate the solutions of FICO TONBELLER Compliance Solutions Suite into the FICO DMP platform together with your colleagues.

Tasks

- Design and implementation of our software solutions in an agile environment
- Development of Java-based applications with REST services and NoSQL databases as well as single-page applications frontends with Typescript and Angular
- Continuous integration with Git, Gradle, Jenkins, Nexus, Docker, and Kubernetes
- Code reviews and pair-programming

Profile / Personality

- University degree in Computer Science or Computer Engineering
- Practical experience in software development for complex software projects
- Familiarity with technologies such as REST, Microservices, JAX-RS, JMS, ActiveMQ Artemis, Servlet, Guice and JPA as well as knowledge of Angular and/or TypeScript are an advantage
- Your "Definition of Done" includes Collective Code ownership, Clean Code, TDD, and Refactorings
- High quality standards through continuous exchange of knowledge
- Pleasure with internal discussions and design decisions
- Eager to work closely with colleagues of different nationalities
- Excellent English language skills are required (B2+) as well as good German language skills (B1+)

Our German Benefits

- An exciting work environment that combines the strengths of a medium-sized company with the innovation power of the Silicon-Valley-based FICO group
- Diversified and challenging projects in an international environment
- An open work culture that values and encourages ideas and contributions
- Continual occupational training options, e.g. FICO University, specialized literature, participation in trainings and conferences, individual support of trainings
- Flexible work-time models, free beverages and snacks and much more

Are you interested? If so, we are looking forward to meeting you in person and to your application in our [online portal](#) stating your desired salary and earliest onboarding date.
